### Description

AccuPell from Webley is a 14.3 grain, smooth, polished finish domed pellet.

This high quality finish pellet is one of our best sellers and really delivers a punch.

We highly recommend this pellet for use in good quality break barrel and PCP air rifles and ideal for field target and brilliant for pest control.

AccuPell has won countless F.T. competitions in the UK and Europe, and is still the pro-shooters choice.

500 pellets in each tin.
